

Customize With Confidence

Accessories that meet ProPledge™ quality standards are backed by an industry-guaranteed* limited warranty.

Manufacturer Benefits

- Addresses dealer vehicle modifications, liability concerns and warranty denial claims.
- Boosts aftermarket and specialty equipment product sales at the dealership level.
- Enhances product visibility and marketing exposure within the dealer, installer and consumer markets.
- Differentiates your company's brand and products from the competition.

"ProPledge is a winner for all parties involved in the sale of aftermarket accessories at the dealership level. Being a supplier, we get exposure to both dealers and installers. The installers get 36-month/36,000-mile warranties on the products they use, and the car dealer gets peace of mind that both the parts and the installation are of a caliber that they are accustomed to, with the added reassurance that both the installation and the product are covered by a warranty."

—Josh Rohm, Mito Corp.

"ProPledge sets a new standard in our industry. It provides dealers and consumers with a level of assurance that was previously unavailable. If you truly meet the highest standards, ProPledge is an important measure and we at Katzkin proudly display our ProPledge accreditation."

—Ron Leslie, Katzkin Leather, Inc.
